SPEAK & OWN IT COMMUNICATIONS

Though Casey's 30 year corporate career involved smashing sales records, senior leadership roles, training, and mentoring — it began with her almost losing her first sales job due to debilitating shyness.

Determined to become a reformed wallflower, Casey challenged the misconception that you must be naturally charismatic to be a gifted communicator and person of influence.

Now, as CEO & Founder of [Speak & Own It Communications](#), she trains women executives across industries to connect, lead, pitch, and own the room in our virtual and hybrid world. Her approach equips women to excel when the stakes are high, enact their own leadership styles, and become leaders who show up and speak up.

Casey consults for Fortune 500 companies and is a Guide for CHIEF, a private network for the most powerful women in leadership, where she facilitates peer group discussions for women in the C-suite.

She's a member of the International Coaching Federation and National Speaker's Association and was recently named TD Bank & Morris Chamber's 2022 "Woman of Achievement" for overcoming adversity and propelling women forward to greater personal and professional success.
